

COXI-STOP 25

COCCODIOCIDE SOLUTION FOR POULTRY

Abbey Animal Health Pty Ltd
SAFETY DATA SHEET

Section 1- Identification of Product and Supplier

Supplier Company Details: Abbey Animal Health Pty Ltd
Address: 39 Buckenderra Road, Middlingbank NSW 2630
Telephone Number: 02 8088 0720
Facsimile Number: 02 8088 0721
Emergency Number: Australian Poisons Information Centre: 13 11 26 (24 Hour Service).

PRODUCT NAME

COXI-STOP 25 COCCODIOCIDE SOLUTION FOR POULTRY

PRODUCT USE

For the treatment and control of coccidiosis in chickens caused by *Eimeria* species including: *Eimeria tenella*, *Eimeria necatrix*, *Eimeria acervulina* and *Eimeria maxima*.

Section 2- Hazards Identification

Statement of Hazardous nature: Classified as hazardous according to the criteria of Safe Work Australia (SWA) for Classifying Hazardous Substances [NOHSC:1008(2004)], available on Hazardous Substances Information System (HSIS) and the Globally Harmonized System (GHS) classification.

ADG Classification: None allocated. NOT CLASSIFIED AS DANGEROUS GOODS according to the Australian Dangerous Goods Code (ADG).

Poisons Schedule: S5

GHS Classification:

Category 2A - Serious eye irritation

Category 2 - Skin irritation

Category 3 - Respiratory tract irritation; specific target organ toxicity (single exposure)

GHS Hazard Statements:

H315: Causes skin irritation.

H319: Causes serious eye irritation.

H335: May cause respiratory irritation.

GHS Label Element:**GHS signal word:** WARNING**Classification under the Approved Criteria [NOHSC: 1008 (2004)]**

Xi – Irritant. Risk Phrases; R37 – Irritating to respiratory system, R38 – Irritating to skin

Section 3- Composition / Information on Ingredients**INGREDIENTS:**

Chemical Name	CAS Number	Content (%w/v)
Toltrazuril	69004-03-01	2.5
Other ingredients	-	> 90

Section 4- First Aid Measures

Call Poisons Information Centre Phone Australia 131 126, if you feel that you may have been poisoned or irritated by this product.

SAFETY DIRECTIONS: Harmful if swallowed. Will irritate the eyes. Avoid contact with eyes.**GHS Precautionary Statements (Response):**

P302+P352: IF ON SKIN: Wash with plenty of soap and water.

P304 + P340: IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.

P305 + P351 + P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P312: Call a POISON CENTER or doctor if you feel unwell.

P321: If eye irritation persists: Get medical advice/attention.

P332 + P313: If skin irritation occurs: Get medical advice/attention.

P337 + P313: If eye irritation persists: Get medical advice/attention.

P362: Take off contaminated clothing and wash before reuse.

Skin: Remove contaminated clothing and clean before reuse. Wash all exposed areas of skin with plenty of soap and water. Get medical attention if irritation develops.

Eye: Flush eye immediately and carefully with a steady, gentle stream of water for 15 minutes. See an ophthalmologist (eye doctor) or other physician immediately.

Inhaled: If inhaled, move individual to fresh air. Get medical attention if breathing difficulty occurs. If not breathing, provide artificial respiration assistance (mouth-to-mouth) and call a physician immediately.

Section 5- Fire Fighting Measures

Fire/Explosion Hazard: Non-flammable.

Flash point: Non-flammable.

Hazardous Decomposition Products: Thermal decomposition products include hydrogen cyanide, carbon monoxide, and nitrogen oxides.

Extinguishing Media: Water, carbon dioxide, dry chemical, sand and foam.

Precautions for fire fighters: self-contained breathing apparatus (SCBA). Wear full protective equipment and isolate area.

Section 6 - Accidental Release Measures

Spills and Disposal: Sweep up spills and dispose of at licensed landfill site. Wear protective equipment to prevent skin and eye contact. Do not burn container.

Methods for cleaning up: Before attempting clean up, refer to hazard data (section 2) given above. The use of suitable equipment (including PPE) to prevent contamination of skin, eyes and personal clothing. Do not eat, drink or smoke during clean-up operation. Clean affected area with aqueous detergent and a small amount of water. Absorb this detergent/water with absorbent material. Rinse area with water. Prevent large spills from entering soil, waterways and drains. Contact emergency services and supplier for advice.

Section 7 - Handling and Storage

Handling: Before use read carefully the product label instructions. Will irritate the eyes. Avoid contact with eyes. Eating, drinking and smoking in work areas is prohibited. Wash hands after use.

GHS Precautionary Statements (Prevention):

P264: Wash hands thoroughly after handling.

P261: Avoid breathing mist/vapours/spray of the product.

P271: Use only outdoors or in a well-ventilated area.

P280: Wear eye protection.

Storage: Store below 30°C (room temperature) in the closed, original container, as cool as possible. Protect from light.

GHS Precautionary Statements (Storage):

P403 + P233: Store in a well-ventilated place. Keep container tightly closed.

P405: Store locked up.

Section 8 - Exposure Controls / Personal Protection

Workplace Exposure Standards: Threshold Limit Value (TLV): 5 mg/m³ Time-Weighted Average (TWA).

Engineering Controls: No ventilation is required under normal conditions of use. However, will irritate the eyes. Avoid contact with eyes.

Personal Protective Equipment (PPE): No eye protection is required under normal conditions of use. Under other conditions of use wear safety goggles. No skin protection is required under normal conditions of use. Wash hands before breaks and at end of work. No respirator is required under normal conditions of use.

Under other conditions of use, wear goggles, rubber gloves, and protective clothing. Always wash hands and face after use, especially before eating, drinking or smoking.

Personal Hygiene: Do not eat, drink or smoke when handling this product.

Section 9 - Physical and Chemical Properties

Physical State:	Colourless to yellow brown solution
Boiling Point:	Not available
Flash Point:	Not applicable
Vapour Pressure:	Not applicable

Section 10 - Stability and Reactivity

Stability of the Product: Product is stable under normal conditions of storage.

Conditions to avoid: Avoid strong oxidising agents.

Incompatible materials: Product is sensitive to iron.

Hazardous reactions: Hazardous polymerisation does not occur.

Section 11 - Toxicological Information

No adverse health effects expected if the product is handled in accordance with this Safety Data Sheet and the product label.

Please refer to **Section 2- Hazards Identification** when using this product.

Eye: will irritate the eye.

Skin: May irritate the skin.

Reproductive Effects: None of the ingredients of the formulation have been shown to produce reproductive or teratogenic effects.

Mutagenicity: None of the ingredients of the formulation have been shown to produce mutagenic effects.

Carcinogenic effects: No carcinogenic effects have been observed for Toltrazuril or any other ingredients.

Acute Toxicity: The acute oral toxicity of Toltrazuril was low: LD₅₀ close to 2000 mg/kg bw in rats and higher than 5000 mg/kg bw in mice.

Section 12 - Ecological Information

Potential Environmental Considerations: Do not contaminate dams, rivers, streams or other waterways, vegetation and tree roots with the chemical or used container.

Section 13 - Disposal Considerations

GHS Precautionary Statements (Disposal):

P501: Dispose of contents and containers as specified on the registered label/local regulations.

APVMA Registered Disposal Statement:

Triple-rinse container into the medicated water. Do not dispose of undiluted chemicals onsite. If recycling, replace cap and return clean container to recycler or designated collection point. If not recycling, break, crush, or puncture container and deliver to an approved waste management facility. If an approved waste management facility is not available, bury the broken, crushed or punctured containers 500 mm below the surface in a disposal pit specifically marked and set up for this purpose clear of waterways, vegetation and tree roots, in compliance with relevant local, state or territory government regulations. Do not burn empty containers or product.

Section 14 - Transport Information

No specific transport considerations apply since COXI-STOP 25 COCCIDIOCIDE SOLUTION FOR POULTRY is NOT classified as a dangerous good according to Australian Dangerous Goods (ADG) Code.

Section 15 - Regulatory Information

Poisonous Schedule: Schedule 5

APVMA Approval Number: 80980

Approved pack size: 1L, 2.5L, 5L, 10L

For more information please refer to the APVMA approved product label

Section 16 – Other Information

Abbey Animal Health Pty Ltd
